

# BASIC PROTECTIVE MEASURES AGAINST NEW CORONAVIRUS

Always keep hand-sanitiser on hand. Make sure your kids have hand-sanitiser to take to school.

Cover your mouth and nose with your bent elbow or tissue when you cough or sneeze.

If you feel unwell, stay at home. If symptoms worsen, seek medical advice – check your local health authority for guidelines.

Stay informed through reputable government sources.

Wash your hands frequently for at least 20 seconds with soap and warm water.

If your child's school closes, consider online tutoring. Learn more about our online tutoring services on our website.

Avoid touching your eyes, nose and mouth.
