

Answers Code week 13

Clue: Position, Shape, Shading and Size are important this week.

Remember to always look for the repeated letter first, and then see what is repeated in the drawing.

61

A B C D E

Answer: C (LY)

Repeated Letter: L = big shape.

M = small shape.

Mystery shape first letter L.

X = circle under square, Y = overlapped circle and square, Z = circle inside square.

Mystery shape second letter Y.

62

A B C D E

Answer: C (EL)

Repeated Letter D = upright shape.

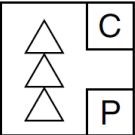

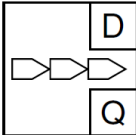

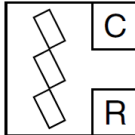

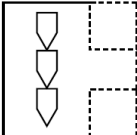

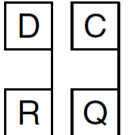

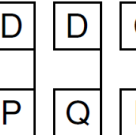

E = shape pointing downwards.

M = half black, half white

L = white shape.

Mystery shape second letter = L.

63

								
								
				A	B	C	D	E

Answer: B (CQ)

Repeated Letter C = vertical

D = horizontal

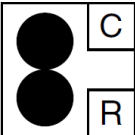

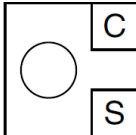

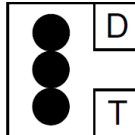

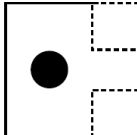

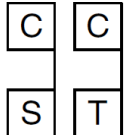

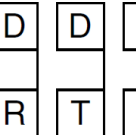

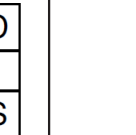

First letter of mystery shape is horizontal, so C_

P, Q, and R are all different. P = triangle, Q = pentagon, R = oblong.

Second letter of the mystery shape is _ Q_

CQ.

64

								
								
				A	B	C	D	E

Answer: E (DS)

C = big circle

D = small circle

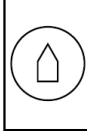

Mystery code starts with D = small circle

R, S and T are all different.

R = two circles, S = one circle, T = three circles.

Mystery shape has one circle, so second letter of mystery code is _S

65

	Q		R		S		T
H		I		H		J	

		T	Q	S	Q	T
		H	J	J	I	I
		A	B	C	D	E

Answer is: B (QJ)

Repeated letter: none on the top line

On the bottom line The repeated letter is _ H. H = inner triangle

I = inner pentagon, J = inner arch

Which is most similar in mystery code. _ J (remember it is the second letter you fill in for the bottom code.)

Q = outer shield, R = outer circle, S = outer arch, T = outer pentagon.

Which is most similar to mystery code? Q_

Code is QJ
